Project Information

Project Title	Integrated Catalytic Recycling of Plastic Residues into Added-Value Chemicals
Project Acronym	iCAREPLAST
Project Call	H2020-NMBP-SPIRE
Grant Number	820770
Project Duration	15.10.2018-14.04.2023 (54 months)

This project has received European Union's Horizon 2020 research and innovation funding under grant agreement N° 820770.

Executive Summary

The present document is an index to collect all the communication materials developed until Month M48 of iCAREPLAST, and programmed in the Project Communication and Dissemination Plan (D9.1). It includes links and images of the project website, the newsletter, press clippings, the leaflet, social networks, etc.

According to the Grant Agreement (GA) this report will be updated and delivered half-yearly. This is the sixth delivery, including all communication activities executed from month 1 to month 48.

The deliverable D9.3 Report on monitoring and evaluation of communication and dissemination activities, complements this deliverable evaluating the impact and objectives of the material presented here.
